

Nenad Milosevic

UX, UI, Product, and Interaction Designer

hello@nenadmilosevic.co

<http://nenadmilosevic.co/>

<https://linkedin.com/in/nndmlsvc>

HELLO

I'm T-shaped designer focused on interaction and interface design. Developing intuitive and frictionless user experiences is not just my expertise but also my passion. I love great design, problem solving and crafting digital interfaces that make people's lives easier. Selftaught and fluent across multiple platforms and technologies, I'm always looking for new adventures.

WORK EXPERIENCE

Hear360 (Los Angeles, USA — remote)

UX/UI designer | 2020 - Present

<https://hear360.io>

Helping design misc sound editing tools. Case study: <http://nenadmilosevic.co/orbit>

Mixed In Key (Miami, Florida, USA — remote)

Product & interaction designer | 2017 – 2019

<https://mixedinkey.com>

Worked as the lead UX and UI designer on award winning Captain Plugins, Mixed In Key app, and Mixed In Key Studio Edition from ground up. Designed and coded CMS websites in full for all Mixed In Key products. Designed a brand identity for Captain Plugins.

Centili / Infobip (Serbia / Croatia)

Product & interaction designer | 2011 – 2016

<https://centili.com>

Played a key product design role at building mobile payments products. Front and back end interface designs. Website design and coding. Brand identities. Sole product designer for 4 years and led design team for 1 year. Mobile application android and iOS UX and UI design. Created and optimised experiences for 80 countries and more than 40 languages. Helped in recruiting, interviewing, and onboarding new designers.

Freelance (Worldwide)

Designer | 2004 – Present

<http://nenadmilosevic.co>

Over the past 16 years worked with more than 100 happy clients. Designed websites, application interfaces, mobile apps, logos, presentations, games, posters, books, ads, banners, etc. Illustrated icons, logos, graphics, characters, fonts. Created motion graphics, promo videos, drew animations, crafted interactive presentations, music videos, TV titles. Built websites, apps, and chat bots. Composed and produced music.
